Morning session Special Topic: **Bringing Assessing and GIS together to modernize field appraisal work**

“Pivot Point and a deputy Assessor from Eureka County will detail the current status of field appraisal work in Michigan and how new emerging technologies are transforming and modernizing those workflows. Demonstrations of cloud based software and native mobile apps that seamlessly bring together assessment and GIS data will be detailed through end user stories”

Presented by: Brian Kienle, GISP, Pivot Point Partners LLC

Afternoon Educational Topic: **Geocortex – a Platform for Empowerment**

“Latitude Geographics, Ottawa County, Muskegon County, and InfoGeographics, Inc will talk about new and emerging web GIS patterns from Esri and how Geocortex fits in and ultimately enhances how organizations are able to use GIS. This will be interspersed with demonstrations of the technologies and great user stories and perspectives on why and how Geocortex is being utilized in real world situations.”

Presented by: Latitude Geographics, Ottawa County, Muskegon County, and InfoGeographics
